Dear All...

Good Day...

API CPD Webinar

API has recently made CPD compulsory for the renewal of API ICP Certification. The Continuing Professional Development (CPD) for Every 3 years is mandatory for renewal for API 510/570/653 Certifications, for individuals whose certification expire after January 1, 2023.

ICP will have a phased implementation of the CPD hour requirement beginning with 8 CPD hours. The full CPD requirements of 24 CPDs will be implemented for those expiring on or after January 1, 2025.

Complete Information Check Here: <https://www.api.org/products-and-services/individual-certification-programs/certifications#tab-recertification>

To comply with the API CPD requirements, for the benefit of API Inspectors we are conducting online webinar.
